Instructions for Application for Plan Examination

Project or Facility Information: Provide all requested information. Mark the appropriate box (city, village or township) and state the name of the governmental subdivision where the project is located; not the post office location.

Applicant Information: Provide all requested information including a signature. All correspondence will be sent to this address, and this entity will be responsible for all fees.

Plan Review Information: Provide all requested information. The building use, construction type and number of occupants shall be as prescribed by the building code.

Plan Review: Mark all plan reviews desired or required.

Building Owner: Provide the requested information.

Project Architect / Engineer: Provide all requested information.

Required Submittals for Plan Review

For each facility, submit completed application, \$100.00 (*the first \$100.00 of an application is non-refundable*) deposit fee made payable to the **Howard Township** and two (2) sets of plans and/or specifications with **original seals and signatures** in accordance with 1980 PA 299. Fire sprinkler shop drawings and computations are not required to be sealed by a design professional.

Building Code: Site plan, foundation plan, soil bearing capacity, floor plans, building elevations, building sections, framing plans, details, roof plan, roof finish schedule, door schedule, roof live and dead loads.

Electrical Code: Plans for all electrical systems using more than six (6) circuits, except one- and two-family dwellings shall include lighting layout, circuiting, switching, conductor and raceway sizes, wattage schedule, service location and riser diagram, load calculations, appropriate plans showing standard symbols of all electrical equipment.

Mechanical Code: Plans indicating heating equipment, air conditioning equipment, ductwork material and layout, fire dampers, ventilation of rooms and areas, location of chimneys and vents, piping layouts.

Plumbing Code: Site plan, floor plans DMW riser diagrams and water distribution system and roof plan. Show direction of flow, pipe sizes, grade of horizontal piping, elevations, drainage fixture unit loading of both stacks and drains in the DWV system, supply fixture unit load for the water system, branch supplies serving more than one plumbing fixture, appliance or hose outlet.

Energy Code: Floor plans, building sections, details, average annual degree days, exterior envelope component materials, "U" values of elements, "R" values of insulating materials, size and type of apparatus and equipment, energy calculations.

Upon Receipt of All Applications

Written confirmation will be sent to the applicant. Further correspondence, concerning the plan reviews, will be sent to the applicant and the project architect/engineer, if one is provided.
